Subject: Pymatuning Valley Greenway Trail Phase 1.1 (ODOT Project ID 111251) and Phase 1.2 (ODOT Project ID 115936)

Dear Property Owner/Tenant:

The Ashtabula County Metroparks (ACMP), in coordination with the Ohio Department of Transportation (ODOT), is in the process of designing two shared-used paths (also called trails) as part of the Pymatuning Valley Greenway Trail System. You are receiving this letter because your property is adjacent to one of the trails.

Phase 1.1 is a shared-use path and extends between Maple Avenue to Leon Road. Phase 1.2 is a shared use-path that extends between East Main Street and Marvin Road. The location of the trails is shown on the attached map. Both trails will be asphalt paved, follow ODOT design standards, and will be Americans with Disabilities Act (ADA) compliant. Environmental impacts for this project are not anticipated to be significant and not anticipated to require mitigation.

Any needed maintenance of traffic (for example, temporary lane closures) during construction is the responsibility of the construction contractor. The contractor will coordinate maintenance of traffic with any affected property owner prior to and throughout construction. Construction of the trails is estimated to begin in February of 2023 and be completed in November of 2023.

ACMP and ODOT believe that your input is important to our projects and are seeking comments. To ensure our comments may be considered during project development, please submit them no later than **July 22, 2022**, via the information below.
